Death Cancelled Fine.

The long struggle of the Department of Justice to collect from the heirs of the late Senator John H. Mitchell, of Oregon, \$1,000 fine levied against Mitchell shortly before his death, when he was convicted of participation in land frauds, came to an end at San Francisco when the United States Circuit Court of Appeals held that the cause of action abated upon the death of the Senator and the heirs were not liable for the fine.

Five Days of Pleasure.

Five days of pleasure—Sept. 7, 8, 9, 10, and 11—the dates for the old Bourbon Fair at Paris. Special features in premiums, grand saddle and harness stakes, free entrance to all classes; ten big Midway shows, plenty free attractions, Webers' celebrated Military Band, and the big passenger carrying Holz Captive Balloon.

Bourbon Fair Notes.

The boy baby show attracted much attention at the Fair Wednesday. The following are the entries: Ed. Delaney, V. W. Ferguson, Jr., J. O. Evans, B. F. Adcock, Jr., J. L. Hardman and Alfred Roberts. The judges were Mrs. Warren Rogers, Mrs. B. F. Bunkley and Mrs. Henry Clay. B. F. Adcock, Jr., won first premium and V. W. Ferguson, Jr., second.

The exhibition Wednesday of harness and gaited horses was as good as ever seen in Central Kentucky. For the first time this year Beau Brummel, owned by L. T. Anderson, of Maysville, and the great \$6,000 black stallion, Kentucky's Choice, met in two rings. The latter was handled by Mr. Wm. Shropshire, of this city, who has no superior in driving and riding in a show ring. Marvel King, owned by A. G. Jones, of North Middletown, was also one of the contestants in these rings. Beau Brummel captured the blue tie in both of these rings—best stallion in harness and in best stallion any age. N. H. Bayless, Sr. was judge in the first ring, and S. C. Carpenter in the second.

Just after Mr. N. H. Bayless, Sr., judge, decided Beau Brummel, L. T. Anderson's famous stallion, winner in the sweepstakes for best harness stallion, Mr. Bayless changed from the position where he was standing and Mr. Anderson wheeled his horse at the same time, bringing the horse around so as to strike Mr. Bayless with his shoulder, knocking him down. It was thought he was badly hurt, but after being carried to the judge's stand he recovered from the shock and was taken to his home, on Duncan avenue in H. C. Caywood's auto. The accident was of course unavoidable, and caused Mr. Anderson considerable worry. Mr. Bayless received a badly sprained leg and arm, and has suffered considerable since. He is reported as resting comfortably.

Mississippi Here.

Elton C. Mahan, of Holly Springs, Miss., a prominent stock raiser, and planter, is in Paris, having come to Kentucky to attend fairs. Mr. Mahan is greatly pleased with Kentucky stock, and will ship Kentucky horses to his Mississippi plantation.

The Balloon Burst.

The Holz passenger balloon met with an unfortunate accident yesterday, which puts it out of business for rest of the week. It was started up for trial trip with the car empty, and after rising some distance the cable began to pull it down, when it turned over and fell on one of the high stakes, a big rip being made in its side. The owner then said he would not make another attempt, as the water here was so hard that it was almost impossible for him to get sufficient oxygen out of it to inflate his balloon properly.

Joel Fesler Drops Dead at the Bourbon Fair.

The crowd that partly filled the amphitheatre at the Bourbon Fair Grounds was horrified to see Mr. Joel Fesler, who was judging the two-year-old harness ring, to suddenly reel and start to fall to the ground, two gentlemen standing near catching him. He was immediately carried from the ring and placed upon a cot under the shade of a tree. Upon examination by physicians he was found to be dead, heart trouble being the cause of his death.

Mr. Fesler's brother Mr. Tom Fesler, wife and daughter, Miss Francis Fesler, were upon the grounds and were quickly at the side of their deceased relative. His remains were taken to Mr. J. T. Hinton's undertaking establishment and prepared for the removal to his home in Mt. Sterling, where they were accompanied Mr. Fesler and family, and a number of friends on the 5:30 L. & N. train.

Mr. Joel Fesler was one of the most prominent citizens of Montgomery county, and was considered one of the best judges of horses in the State. He was about 65 years old and the picture of health. He is survived by a wife and an adopted daughter. His wife was a Miss Jameson a sister of Mrs. E. K. Thomas, of this county. His death has caused a gloom to fall over this entire community.

Wright Flies Over Berlin.

Orville Wright made two successful flights Wednesday over the Templehof parade grounds, at Berlin. Alone he did twenty-four miles in thirty-six minutes, but on his second flight he carried Capt. von Hildbrand as a passenger and flew for seventeen minutes. A distinguished company witnessed Mr. Wright's flights and it is estimated that fully 200,000 people were on the parade grounds. Mr. Wright was enthusiastically cheered when he landed.

Ten Good Shows.

Ten of the best and cleanest shows that have ever amused people at a fair will be seen at the old Bourbon Fair, Sept. 7-11.

.....PAYABLE IN ADVANCE.....**Farmers to Keep Records.**

It will be suggested by United States Census Director Durand to the farmers all over the country that the work of securing accurate returns at the coming census of agriculture will be greatly facilitated if the farmers will keep or provide some sort of written record of their farm operations during the year 1908. This effort to secure the farmers personal co-operation is but one of a number of ways and means chosen to secure an accurate, expeditious and economical census concerning population, agriculture, manufactures, mines and quarries, which are the objects of inquiry defined in the Census law.

Each person in charge of a farm will be asked to state the acreage and value of his farm; that is, the acreage and value of the land kept and cultivated by him; also the area of land in his farm covered with woodland; and finally, that which is utilized for specified farm purposes.

Each farmer will be asked to give the acreage, quantity produced and value of each crop, including grains, hay, vegetables, fruits, tobacco, etc., raised on the farm in the season of 1909; also to report the number and value of all domestic animals, poultry, and swarms of bees on the farm April 15, 1910, the number and value of young animals, such as calves, colts, lambs, pigs; and of young fowls, such as chickens, turkeys, ducks, etc., raised on the farm in 1909. He will be further asked to state the number and kind of animals sold during 1909 and the receipt from such sales, the number purchased and the amount paid therefor; and also the number slaughtered for food and the value of such animals.

The law requires a report of the number of cows kept for dairy purposes in 1909, and the total estimated amount of milk produced on the farm; also the amount of butter and cheese sold and the amount received from such sale.

In addition to the inquiry regarding animals, etc., on the farm April 15th, 1910, as explained previously, the census will seek to ascertain the quantity and value of all eggs, honey, and wax produced on the farm in 1909.

Of the expenditures of the farm, the census schedule will call for a statement of the amount paid farm labor, the amount paid for feed for live stock and the amount expended for fertilizers in 1910.

If the farm changes owners or tenants between the crop year, 1909, and the date of enumeration, April 15th, 1910, it is requested that the occupant of the farm in 1910 shall secure the above information relating to the farm for the preceding year, 1909. The owner or tenant this year should leave his book record with his successor.

The necessity for some written or permanent record by the farmers themselves of farm operations, is obvious and its value in furnishing data more reliable than guesswork is equally evident.

Kentucky is Best in Tobacco Raising.

That Missouri will never be a competitor with Kentucky, and especially the Blue Grass region, in the production of high grade tobacco, is the belief of Mr. J. F. Walton, official grader of the Burley Tobacco Society. He has just returned from a trip of investigation in that part of the country. While he made close observation of the work being done and of the products obtained, and gives his decision as

dealing with the present and the future Mr. Walton says in part:

"I found that state dry and dusty, a fact which I think was conducive to the welfare of those attempting to raise tobacco, which kept the plant from growing too large. I found in Missouri that only in those counties that lie along the Missouri river can the Burley product be raised at all. There is a tier of these counties which can produce a certain grade of Burley which does not compare with the Kentucky product. These lands in producing tobacco are similar to those counties lying along the Ohio river in Ohio and West Virginia, and also counties on the Indiana border, but the Missouri product will not compare even with the Ohio, Indiana and West Virginia tobacco. Missouri figures show that in 1908 2,447 acres were put in tobacco and produced one thousand pounds to the acre, a million pounds of which was Burley. This year the acreage was somewhat larger. I am told that they procured last year 16 cents per pound.

"I found that the larger per cent of the farming class of Missouri are made up of Kentuckians who raised in Kentucky what is known as the old pryor product and when they went to Missouri they continued to raise this. This is dark tobacco used mostly for import purposes and is not equal to the white burley.

"Missouri in 1908 raised about 1,000,000 pounds of this tobacco and peddled it out over the State in hand. My information is that about 1,000,000 pounds of old pryor will be raised this year."

"Mr. Walton," asked a reporter, "Do you think Missouri will ever be a serious competitor with Kentucky in the Burley market?"

"Positively and without hesitation I would say that she will never be a serious competitor against Kentucky for the simple reason that the grade of Burley she raises is not up to the standard, nor is there a sufficient amount of this land to produce even that grade to the point of over supplying the market.

"I have made a careful estimate of the situation which cannot give out until I have submitted it to the Burley tobacco Society."

A Party of Deficits.

The State Government is trying to keep pace, as best it can, in the race with the National Government as to deficits, says the Lexington Gazette. The latter shows a deficit of \$10,500,000 for August, although the receipts of the first two months of the fiscal year were \$15,700,000 in excess of the same months last year. The Republicans at Frankfort are doing their best to imitate the example of their Washington brothers and are succeeding fairly well. Finding about one million, four hundred thousand dollars in the treasury when they took charge, less than two years ago, they have dissipated it and now proudly point to a deficit of \$292,287.24. That's going some, but the money will go faster the longer they stay in. Suppose by any sort of peradventure this county should be turned over to the hungry horde, now seeking to get possession of it, they would, judging by the results of the Republican State administration, bankrupt it in a year. Business men, however, without regard to politics will never permit a party with such a record to get their despoiling hands on the county's throat. They are more than satisfied to let well enough alone.

Remedies are Needed

Were we perfect, which we are not, medicines would not often be needed. But since our systems have become weakened, impaired and broken down through indiscretions which have gone on from the early ages, through countless generations, remedies are needed to aid Nature in correcting our inherited and otherwise acquired weaknesses. To reach the seat of stomach weakness and consequent digestive troubles, there is nothing so good as Dr. Pierce's Golden Medical Discovery, a glyceric compound, extracted from native medicinal roots—sold for over forty years with great satisfaction to all users. For Weak Stomach, Biliousness, Liver Complaint, Pain in the Stomach after eating, Heartburn, Bad Breath, Belching of food, Chronic Diarrhea and other Intestinal Derangements, the "Discovery" is a time-proven and most efficient remedy.

The genuine has on its outside wrapper the Signature

Dr. Pierce's

You can't afford to accept a secret nostrum as a substitute for this non-alcoholic, medicine of known composition, not even though the urgent dealer may thereby make a little bigger profit.

Dr. Pierce's Pleasant Pellets regulate and invigorate stomach, liver and bowels. Sugar-coated, tiny granules, easy to take as candy.

Delightful Event.

One of the most delightful events of the season was a "Chautauqua Reception" given by Mrs. J. C. Freeman, at her lovely country home, on Sept. 3. Assisted by her sister, Mrs. Chas. Ball, the Chautauqua idea was most beautifully carried out. Even the weather man was in sympathy and sent an ideal day.

A number of the guests had summured together at the mother Chautauqua in New York, and had there pledged loyalty and friendship. This reunion, being the first, was greatly enjoyed by them and other friends of the hostesses. After a social time in the commodious house and beautiful yard, the guests partook of a bountiful luncheon, such as our Bourbon people always serve, and for which they are noted.

The Chautauquans present were: Mrs. John Collins and daughter, Mildred, Mrs. Jones, Misses Marie Talbot and Alma Rice, of North Middletown; Alfa Ball and Sallie McIntyre, of Millersburg; Mrs. Mina Goff and daughters, Mary King and Lucille, of Lexington; Mesdames Walter Clark, Lizzie Walker, Misses Julia O'Brien, Letitia Hedges, Laura and Blanche Lileston, Patsy Clark and Charlena Ball, of Paris. The "would-be-like-to-be-Chautauquans" were Dr. and Mrs. Shive, Rev. M. T. Chandler and Mrs. Chandler, Misses Sallie Daniels and Alice Rogers Clay, Paris; Mesdames Dr. Smith, Chas. Chancellor, Albert Moffett, Everett Thomason and Miss Mary Ball, of Millersburg.

After giving the never-to-be-forgotten Chautauqua salute the guests with regrets left this hospitable home with assurances of another reunion in the near future.

A Variety of Attractions.

It takes all sorts of amusements for different classes of people and the officials of the Bourbon County fair are up-to-date and have spared neither trouble nor expense to furnish amusements for everybody. Be there, Sept. 7-11.

Law Upheld.

The act of the last Legislature of Tennessee prohibiting wholesale as well as retail sales of liquor in the State of Tennessee was upheld in all its provisions except as regards sales for shipment outside the State, in an opinion handed down Saturday in Chancery Court by Chancellor T. M. McConnell, of Chattanooga.

The Lurid Glow of Doom

was seen in the red face, hands and oody of the little son of H. M. Adams, r Henrietta, Pa. His awful plight born eczema had, for five years, defied all remedies and baffled the best doctors, who said the poisoned blood had affected his lungs, and nothing could save him. "But," writes his mother, "seven bottles of Electric Bitters completely cured him." For Eruptions, Eczema, Salt Rheum, Sores and all Blood Disorders and Rheumatism Electric Bitters is supreme. Only 50c. Guaranteed by Oberdorfer, the druggist. sept

Go See.

A dispatch received in London from Skagen quoted Dr. Cook as saying: "Let the skeptics who disbelieve my story go to the North Pole. There they will find a small brass tube which I buried under the American flag. That tube contains a short statement about my trip. I couldn't leave my visiting card because I didn't happen to have one with me."

Near Death in Big Pond.

It was a thrilling experience to Mrs. Ida Soper to face death. "For a severe lung trouble gave me intense suffering," she writes, "and several times nearly caused my death. All remedies failed and doctors said I was incurable. Then Dr. King's New Discovery brought quick relief and a cure so permanent that I have not been troubled in twelve years." Mrs. Soper lives in Big Pond, Pa. It works wonders in Coughs and Colds, Sore Throats, Hemorrhages, LaGrippe, Asthma, Croup, Whooping Cough and all Bronchial affections. 50c and \$1.00. Trial bottle free. Guaranteed by Oberdorfer the druggist. sept

Prices Will Rise.

A deputation representing all of the pulp and paper manufacturers and all of the Canadian owners of rights to cut timber on Crown lands in the Province of Quebec, have asked the Government to prohibit the export of pulp wood to the United States. The Americans having the right to cut timber on Crown lands did not join. The matter is to be submitted to the cabinet and the indications are that the exportation of pulp wood will be prohibited.

The inevitable consequences will be a sharp advance in the price of print paper throughout the United States.

Balloon to be Turned Loose.

The passenger-carrying balloon that was seen going over Paris and Lexington a few days ago is of the same type as will be seen at the Paris fair, Sept. 7-11. The balloon will be held in captivity until the last day of the fair and then it will be liberated for a long flight, and will carry away three passengers on the journey. 2t

Ovation to Dr. Cook.

The ovation tendered to Dr. F. A. Cook, the American explorer, when he landed at Copenhagen Saturday, was one of general enthusiasm. He was greeted by royalty and the populace as a hero who had accomplished a deed that the world had been looking forward to for centuries. The crowds were so eager to get a look at the great discoverer that his clothes were almost torn off as he passed through the streets. He repeated the stories of his exploits in a plain and convincing way. He answered all questions put to him by the hundreds of newspaper correspondents in a concise manner. His records of observation and data were so convincing that he left little room for doubt among the scientists who had come to Copenhagen to get the first proofs that the North Pole had been found. Dr. Cook cabled to President Taft that he had discovered the coveted pole, and he received a quick reply of congratulation.

Best Stomach Remedy Free

It is an old saying that if the stomach is sound the whole body is safe, because so much depends upon the proper working of the stomach. Many persons find themselves with a disorder of the stomach which produces dyspepsia or a peculiar state of biliousness.

If you suffer from both stomach trouble and constipation you are on the way to a very serious disease. From just such conditions come appendicitis, rheumatism, skin diseases and similar disorders, because the waste matter that should have been expelled from the system through the bowels has found its way into the blood and vitiated it. What is needed at this point is not simply a violent cathartic tablet or salt, which usually does more harm than good, but a gentle laxative tonic like Dr. Caldwell's Syrup Pepsin, which people have been using for these ailments for nearly a quarter of a century. It cured J. C. Latham, of Warrensburg, Mo., of stomach trouble of long standing, also William Voll, of 903 Ellison St., Louisville, Ky., who had the trouble for fifteen years.

However, if you have stomach trouble you want to know from personal experience what Dr. Caldwell's Syrup Pepsin will do for you. If so, send your name to the doctor and a free trial bottle will be sent you. You are urged to send for the free bottle, as the results from it will be the best recommendation of Dr. Caldwell's Syrup Pepsin. Then you will do as over two million people did last year—go to your druggist and buy a regular bottle at 50 cents or \$1, according to the size you prefer. We could mention hundreds and hundreds of families who are never without it. You can never tell when some member of the family will need a laxative, and then no time should be lost taking Dr. Caldwell's Syrup Pepsin.

If there is anything about your ailment that you don't understand, or if you want any medical advice, write to the doctor, and he will answer you fully. There is no charge for this service. The address is Dr. W. B. Caldwell, 500 Caldwell bldg., Monticello, Ill.

Tom Johnson Again Nominated.

Incomplete returns indicate that Tom L. Johnson, three times Mayor of Cleveland and renominated for that position on the Democratic ticket at the primary election held in Cleveland. Herman C. Bacher is the probable Republican nominee for the same position. A heavy vote was cast by both sides.

The Kentucky State Fair.

The seventh annual Kentucky State Fair, which will be held in Louisville the week of September 13-18, promises to be the greatest exhibition of its kind ever held in Kentucky or the South. There will be more than 1,000 exhibitors with more than 10,000 entries, and the State's resources will be given more prominence than ever known before. Kentucky, Louisville and Jefferson county have liberally donated to founding this great institution. It is now successfully launched and if properly supported by the citizens of Kentucky it bids fair to every industry within their borders, and especially to the agricultural State and the progress she is making under adverse circumstances.

The World Electrified.

The entire world was electrified Tuesday when the news was flashed from the coast of Labrador that Lieut. Robert E. Peary had also discovered the North Pole. Coming five days after the startling announcement by Dr. F. A. Cook, of Brooklyn, that he had accomplished the same feat, it was truly sensational. Peary and several members of his party confirmed the fact. No detailed report of Peary's achievement was received Tuesday night but the doughty commander promises to let the world know how he accomplished the daring discovery on April 6, 1909. Dr. Cook who claim he found the coveted "top of the earth" on April 21, 1908, is still the cynosure of all eyes at Copenhagen, Denmark. He has gained further recognition in the world of science since his first story was given to the world from Lerwick, Shetland lands.

Some Fine Fruit.

Kentucky must have produced some fine fruit after all, this season. A number of our exchanges mention apples that weigh over a pound and big peaches are so numerous they are not worth mentioning. In the vegetable line sweet potatoes are reported that weigh from three to nine pounds, seventy-pound pumpkins are frequently met with, and a Fleming county woman boasts of raising a beet that weighs fourteen pounds. All in all Kentucky is a mighty good place in which to live.

The Climax.

After many weeks of pronounced success at Weber's Theatre, New York, Joseph M. Weber's splendid offering "The Climax" a powerful story in three acts by Edward Locke, will make its first bow to the Bluegrass theater-goers at the Lexington opera house next Friday evening, Sept. 10 for two nights and Saturday matinee. The audience is said to be captivated by the irresistible charm of this delightful play, which maintains the highest standard of purity, possessing that much sought but seldom acquired quality, which is plainly noticeable in "The Music Master" and other great plays that have lived long in the memory. "The Climax" is a play well worth seeing more than once, for besides its humorous situations, and its quaint comedy charm, it contains much food for thought in its study of the questions of mental suggestions. Quite a number of Parisians have signified their intention of going.

BASE BALL.**TUESDAY'S GAME.**

The smallest crowd of the season was present Tuesday morning at White Park to see the Shelbyville Millers wipe up with the Bourbonites by score of 11 to 3. The game was uninteresting from start to finish. Following is score and summary:

Paris.....0 1 0 1 0 0 0 0 1—3

Shelbyville.....5 0 0 1 2 1 2 0 0—11

Batteries—Paris, Simms, Poole, Kaiser, Elgin and Bevans; Shelbyville, Allison and Blatz. Umpire—Piepho.

WEDNESDAY'S GAME.

The game Wednesday morning between the Bourbonites and the Millers showed a complete reversal of form to that of Tuesday, and the home team shut out the Millers by score of 2 to 0. It was a pitchers' battle between Scheneburg for Paris, and Allison for Shelbyville, in which the former excelled. Kaiser led at the bat for the locals, while Klosterman played a brilliant game for the visitors at short. Scheneburg only allowed the Millers three hits, while the Bourbonites got six off of Allison. Following is score and summary:

Shelbyville.....0 0 0 0 0 0 0 0 0—0

Paris.....0 0 0 0 0 2 0 0 x—2

Two base hits—Barnett, Goodman, Kaiser. Sacrifice hits—Allison, Goodman. Stolen base—Williams. Bases on balls—off Allison 1; off Scheneburg, 5. Struck Out—by Allison, 2; by Scheneburg 2. Double plays—Goodman to Barnett, Kaiser to Scheneburg to Barnett; Scheneburg to Reggie to Barnett. Left on bases—Shelbyville, 6; Paris 7. Time—1:20. Umpire—Piepho.

NOTES.

Richmond defeated Winchester yesterday by a score of 2 to 0, and Frankfort defeated Lexington by a score of 3 to 2.

Timber the Ore Mined Here.

One of the most curious mines in the world is in Tongking, China, where, in a sand formation at a depth of from 12 to 20 feet there is a deposit of stems of trees. The Chinese work this mine for the timber, which is found in good condition, and is used in making coffins and troughs and for carving and other purposes.

Laundries Use Much Soap.

It is estimated that the laundries of London, England, use 750 tons of soap in a week.

Peary Calls Cook an Impostor.

Commander Robert E. Peary Wednesday denounced Dr. Cook as an impostor before the world, in the Brooklyn explorer's claims that he had discovered the North Pole. By wireless messages Commander Peary sent broadcast that Cook had never been out sight of land in the Frozen North and that the Eskimos would bear witness that Cook was an impostor. Peary is homeward bound on the ship Roosevelt which has had a tempestuous voyage during the past few days off the coast of Labrador. Wednesday night the Roosevelt was at Battle Harbor, Labrador. Dr. Cook replied to Peary's charges at Copenhagen. He was not perturbed, and in a calm mood, said that time would prove his statements true. That he was the first discoverer of the North Pole the world would know as he had the proofs to substantiate his claims. Dr. Cook also said he would send a ship to the polar regions, to bring to America the two Eskimos who accompanied him to the pole and prove by them as well as by authentic observations that he was there.

The New York Herald of Wednesday gives the following signed statement cabled from Copenhagen by Dr. Cook: "I honestly believe I have found the North Pole and I am willing to submit all my evidence to pure science, astronomers and explorers, awaiting with calm and clear conscience their verdict and that of the world."

"If Commander Peary says he has discovered the pole I believe him, and while I decline to enter into a controversy with him, I feel that in justice to Mr. John R. Bradley and other friends, I must refute the statement which Commander Peary is said to have made, that I took his Eskimos and his stores. The Eskimos are nomads; they belong neither to Peary nor Cook, and I paid them ten times the value of the gun and knife agreed upon at the start."

"In reply to the foolish charge that I did not leave the mainland, I will only say that I am organizing, at my own expense, an expedition under the command of the brave Arctic explorer, Capt. Otto Sverdrup, to go to the North and find the two boys who accompanied me to the pole and bring them to civilization to tell their story to the world. They will confirm every word of my story, and, although no scientists, their evidence is entitled to the weight due to the testimony of men who are familiar with the Far North."

"Until they come I ask the world to believe in me, and will soon furnish to it evidence gathered by me with scientific observations and am confident that the jury of the whole world will render the verdict that I have planted the flag of my country at the extreme North."

"FREDERICK A. COOK."

MATRIMONIAL.

—Miss Mattie F. Kiser and Mr. Har-
ry L. Minter quietly left Paris on
Tuesday on the 1:45 train for Cynthi-
ana, where they were united in the
holy bonds of wedlock. When the
marriage was announced in the after-
noon of the same day the many friends
of the popular couple were much sur-
prised, as they had kept their secret
well.

The bride is the handsome and at-
tractive daughter of Mr. and Mrs. Al-
len M. Kiser, with a bright and sunny
disposition, that has made her a gen-
eral favorite with a large circle of
friends. She has for a number of
years been the efficient bookkeeper for
Mr. Wm. Sauer, the groceryman.

The groom is the junior member of
the well-known contracting firm of
Geo. B. Minter & Son, a worthy and
most excellent young gentleman, and
we congratulate him on winning this
lovely young woman for his bride.
May happiness and prosperity attend
them in the wish of a host of friends.
They returned home yesterday morn-
ing, after spending several days with
relatives and friends in Lexington.

—At nine o'clock Tuesday morning
Miss Corinne Collins entertained the
Young Ladies Euchre Club at her
home on High street and the occasion
was made doubly interesting by an-
nouncing the engagement of one of the
club members, Miss Gladys Talbott,
to Mr. Grover Baldwin.

Bright toasts were given, and all
drank to the health of the young cou-
ple.

The tallies were wedding bells and
trunks with Dan Cupid sitting on
them.

The color scheme was green and
white, with refreshments to correspond.
Only members of the Club were pres-
ent: Misses Ethel Baldwin, Nora
Baldwin, Clara Belle O'Neill, Eliza-
beth Jasper, Nannie O'Neill, Elizabeth
Bayles, Helen Daugherty, Georgia
Rion, Edith Myall, Gladys Talbott,
Dorothy Talbott and Corinne Collins.

There are to be several "showers"
given in honor of Miss Talbott, who is
the attractive and interesting daughter
of Mr. and Mrs. W. F. Talbott.

The prospective groom is one of
Paris' splendid young business men.

—J. W. Callahan, of Connorsville,
Ind., and Miss Addie Thompson, of
Kiserton, were married Tuesday even-
ing by Elder Carey E. Morgan.

THE STANDARD OF THE WORLD.

A Night Hawk Baby.

"Don't you ever put the baby to bed?" an astonished visitor at last exclaimed after the better part of the evening had worn away and the child of six months was still sitting up, going cheerfully. The young mother laughed. "Oh, yes," she explained with serene wisdom. "We put baby to bed at 12 p. m., and he sleeps until 12 m. Then he has his bath and goes out in the gocart and sleeps most of the afternoon. Haven't you known many mothers who simply sacrifice all their time to the babies while they are little? I made up my mind before baby came that he would have to conform to our ways, not we conform to his. He has just as much sleep as babies who go to bed at 6 and sleep until 6, and he doesn't interfere with our evenings. We can take him with us when we go out or we can go feeling that he will be perfectly happy while we are away, because he won't cry for mother until midnight. We're regular night hawks, and so is baby."

The visitor was speechless. "Don't you think it's a good system?" the mother continued. "We think it is splendid."

"I think," the visitor answered in noncommittal tone, "that it would take a New York mother to invent the system."—New York Press.

No Wonder She Swooned.

Mrs. Lysander John Appleton's mother instinct divined last evening that her son, Chauncey Devere Appleton, was in trouble, so she took him to her room and said, "My son, tell your mother what troubles you."

It turned out that the young man was having a hard time. The girl he has been "going with" had refused him. Mrs. Appleton was indignant. She thinks it would be an honor for any girl in the west to marry an Appleton. "Why did she refuse you?" she asked her son, with fine scorn.

"Well," the boy replied between his sobs, "she objects to our family. She says pa's a loafer, that you're too fat and that everybody laughs at Dayse Mayme because she's a fool and talks about nothing but the greatness of her family." Chauncey threw water in his mother's face, but at 3 o'clock this afternoon she was still in a swoon, with four doctors working on her.—Atchison Globe.

Applied Christianity.

Mother had baked several varieties of cakes, among them being some small, decorated ones for the children. All had received their share and were busy disposing of them upon the back veranda—that is, all except Isabel, who for some misdemeanor had been refused a share of the feast. Now, Isabel was four years old and had been attending a Sunday school for several weeks past, and in the school she learned a number of texts. She stood by the window watching the others make merry until her longing was too much for childish patience. So she walked over to the table, reached out her hand and solemnly repeated, "The Lord is my shepherd; I shall not want." Then a little fist closed firmly upon the largest, finest cake.—Woman's Home Companion.

Funeral Stories.

The great French artist Ingres when in Rome had a violent cold, and Mottez asked him how he managed to catch it. Ingres replied that it was through attending the funeral of M. X. "What—X., the art critic?" said Mottez. "I thought you hated him."

"That is why I went to see him buried," said Ingres.

Several years ago, at the funeral of a well known fire insurance official in Liverpool, much detested by his staff, it was remarked that an unexpectedly large number of them attended.

On one of them being asked for an explanation he said: "We wouldn't have missed it on any account. We want to be sure that he is buried."

The great artist, like the obscure clerk, has his littlenesses.

All For the Men.

A parson was sent for by a dying parishioner, who had always sternly refused to have anything to do with him before. He hurried to her bedside, found her in a most contrite mood and made the best of his opportunities in a long extempore prayer, ending with a sonorous "Amen!"

The last word made her sit up with sudden energy. "Aye," she exclaimed, "that's it! It's a' for men and nowt for us poor women in this world!"

Wind Wheelbarrows.

One of the strangest sights in China is the wind wheelbarrow. It is drawn by a donkey, and when the wind is fair a sail is set. The wheel turns in the middle of a wooden frame, sustained by iron bars. Upon the frame are hung all kinds of utensils. The donkey is generally mounted by the paterfamilias, the son and heir is at the stern assisting all he can, while the mother and younger ones ride on the vehicle.

The Truth Forced Home.

"I'm afraid," she sighed, "that I'm getting old."

"Why?" he asked.

"When I go to the grocery now the clerks don't nearly break their necks trying to beat one another in getting my orders."—Exchange.

Too Eminent.

"Why don't you ask your office boy to wash those windows?"

"I ain't got the nerve to do it, old man. He was the valet of the lord of the manor."—Washington Herald.

Innocence is better than repentance, an unsullied life better than pardon.—Binney.

**The Old Bourbon Fair Opens in
Blaze of Glory.**

The old Bourbon Fair opened Tuesday morning in a blaze of glory. Near two thousand five hundred people passed through the gates. The weather was a little cool in the early morning, but by noon it was a perfect day so far as the weather was concerned. The grounds were alive with vehicles and automobiles, and the interurban people were busy with six cars carrying the people to and from the grounds. The officers of the fair were wreathed in smiles at the record breaking first day crowd.

The pony rings were well filled, and for class could not be excelled. The children were out in large numbers to cheer for their favorites.

Weber's Military Band discoursed familiar airs throughout the day. Farmers and horsemen from every section of the county mingled together as they discussed the splendid show rings of horses, colts, cattle and pens of blooded sheep.

The ring for the best colt either sex under one year brought together what was pronounced the best exhibit of young horse flesh ever witnessed in the South there being nineteen entries.

The venerable horseman, Nathan Bayless, Sr., was the judge, the first awarded going to the handsome entry of Collins & Redmon, of North Middletown, by Redmon Chief, a son of the noted Bourbon Chief. Second premium was taken by McCray Bros., whose entry was a splendid bay by Egyptian Chief out of a Red King mare, while James Carpenter, of Millersburg, carried off third honors with a colt by Medior Chief also a son of Bourbon Chief.

There were four entries in the ring for the best New York saddle mare or gelding walk, trot and canter. The contest was spirited and excited great interest. Clarence Kerr, of Lexington, riding Robin Hood by Rex Mangus, carried off first honors while Shropshire Brothers was awarded second premium. Robin Hood took the honors at Mt. Sterling and Winchester fairs and duplicated his performance Tuesday with ease.

The best roadster stallion any age was a spirited contest, Langborn T. Anderson, of Maysville with Beau Brummel, taking first honors, and second premium to Bourbon Dare property of Collins & Redmon. The following is premium list of

HIDDEN DANGERS.Nature Gives Timely Warning
That No Paris Citizen Can
Afford to Ignore.

DANGER SIGNAL NO. 1 comes from the kidney secretions. They will warn you when the kidneys are sick. Well kidneys excrete a clear, amber fluid. Sick kidneys send out a thin, pale and foamy, or a thick, red, ill smelling urine, full of sediment and irregular of passage.

DANGER SIGNAL NO. 2 comes from the back. Back pains, dull and heavy, or sharp and acute, tell you of sick kidneys and warn you of the approach of dropsy, diabetes and Bright's disease. Doan's Kidney Pills cure sick kidneys and cure them permanently. Here is proof in the statement of a nearby resident.

Mrs. Mary Witzburger, W. Main street, Carlisle, Ky., says: "I can recommend Doan's Kidney Pills very highly. My kidneys were out of order for years, causing my back to ache severely. There was a soreness through my hips and loins and also had trouble from the kidney secretions, the passages being too frequent. Doan's Kidney Pills brought me prompt relief and I might also add that another member of my family also used them for weak kidneys and was helped in a like manner. I am fully convinced that Doan's Kidney Pills are the best remedy to be had for kidney complaint."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Will Manufacture Own Ice.

Beginning next year the United States Government will manufacture its own ice used in the various Government buildings in Washington. It has been found that in the many offices an average amount of over one ton of ice is used each day in the water coolers. This costs about \$7 per ton. An order has been issued for the small ice plants, and it is claimed that the ice can be manufactured by the Government for less than four cents per hundred pounds. At this rate the Government could manufacture and sell ice at five cents per hundred pounds and realize a great sum in a short while.

Wellman Abandons His North Pole Trip.

A special dispatch from Tromsø to the Aftenposten says that Walter Wellman has instructed his agent to arrange for the return of all the explorer's party from Virgo Bay, Spitzbergen, as well as the three men who were to have spent the winter there.

It is understood that Mr. Wellman has abandoned his plans for reaching the North Pole by airship for next year.

Good Sentiment.

It's a whole lot better to be sorry before you do it than after you get caught.—John A. Howland.

Do a Thing and Don't Talk.

Just do a thing, and don't talk about it. This is the great secret of success in all enterprises. Talk means discussion; discussion means irritation; irritation means opposition, and opposition means hindrance always, whether you are right or wrong.—Sarah Grand.

True and Patient Work.

An idea arrives without effort; a form can only be wrought out by patient labor. If your story is worth telling, you ought to love it enough to work over it until it is true—true not only to the ideal, but true also to the real.—Henry van Dyke.
